Patrol Report

White Bn: Bn 2 reports that 1st patrol reported in at 2130.

This patrol went to the vicinity of 071249 about 200 yards from the edge of the woods. Patrol reports hearing a motorcycle leaving Coutures and sounds of horse drawn vehicles in the woods.

They also report seeing the reflection of something which looked like a search light in the distance to the east. From there, patrol proceeded to vicinity of 068235 where they heard pounding along the edge of the woods about 100 meters to the east.

White Bn: At 0400 White 3 reports that an enemy patrol set off a flare at 063231 and then fired automatic weapons at one of our platoons which was a little to the right of G Co.

Blue Bn: Blue 5 reports an enemy patrol consisting of about 2 platoons, between the railroad and K Co. at (058266) at 0110.

Blue Bn: Blue 5 reports that patrols have just returned with the information that 3 wagons are reported leaving Fresnes towards the woods. Will give balance of patrol report later.

Blue Bn: Blue 5 reports that K Co patrol crossed railroad tracks on main east - west road out of Fresnes, they detected no motor movement on the road but they heard motor vehicles moving in the woods. Some of them sounded as though they were pulling a heavy load into the woods. Have heard nothing further of enemy patrol which was in front of K Co.

Patrol Report

From White 2: 2245 - Patrol went out at 1915 continued along selected route to 075255 where they remained in listening until 2230. They did not hear or see any signs of enemy activity along the route or in the vicinity of Coutures.

From Blue 2: 2400 - Patrol which went out at 1915 to railroad station coordinates 054278 with mission to capture a prisoner of war for interrogation. Remained in vicinity of railroad station until 2330 when they returned. Patrol reports no sign of enemy activity observed or heard along the route or in vicinity of their ambush point throughout the period.

From Red 2: 2345 - Patrol went out at 1900. Went out for 700 to 800 yards from their position but did not reach their objective at 082217 because of friendly artillery falling in the vicinity. They did not hear or see ^{any enemy activity} but heard and observed our own artillery falling in front of them. Patrol returned at 2345, there was a total of 3 men, 1 sergeant acted as patrol leader.

REPORT ON PATROLS DURING NIGHT 13 TO 14 OCTOBER 44

RED:

"A" Co. patrol left at 1900, returned at 2315. They went to point at 0723. While there, they heard an enemy patrol of unknown strength moving south behind them. They also heard enemy voices approx. 100 yards to their front in woods. No sound of any vehicles, neither motor nor horse-drawn. One "burp-gun" was heard on hill at abt. 080225.

"B" Co. patrol left at 2130, returned at 2300. They went about 500 yds. from Chambrey to vic of 070217. Heard enemy noises abt. 75 yds. to their front, however, no sound of any vehicles.

CO Co. "B" requests to fire the following concentrations during night, especially between 0500-0600:

747A, 748A, 749A, 568B
believed to be mortar emplacements. (Action taken:
To Arty.)

WHITE:

Patrol left at 1925, returned at 2335. They went to 076254, and stayed there for about 2½ hours. Nothing could be observed, and there was no sign of enemy activity in that area.

BLUE:

"I" Co. patrol left at 1900, returned at 2140. They went to a point at 046268. While there for about 45 minutes, they heard voices a short distance to NE and W of 046268, also what sounded like a patrol climbing over wire.

"K" Co. patrol left at 1930, returned at 2230. They went to a listening post at 063271, but no enemy activity was observed during that time.

PATROL ACTIVITIES DURING NIGHT 17 OCTOBER TO 18 OCTOBER 1944RED

"A" Co. patrol left at 1900, returned at 2300. (1.7 hrs)
They went to 0723. Along route, they observed enemy patrol of 4 men moving along first trail west of listening post (where enemy lines are located) at 1920. This was the third time this same patrol has been observed traveling along trail at the same time. Upon arrival at destination they saw flares at odd intervals in woods to N at great range and behind hill to South. They heard enemy mortar fire, 2 rounds every 15 minutes, from a position East of wooded hill. Est. distance 1500 yards. Shells were landing South of Chambrey. No vehicular movements were observed.

Patrol left at 1845, returned at 2135.
They went to vic. 074218 where 3 rifle shots were fired at them. They think they heard a motor. "B" Co. reports two white parachute flares abt. 1500 yds. to their right front.

"A" Co. patrol left at 2400, returned at 0325. They went again to 0723. They heard two horses to their left. No enemy voices or vehicles. They heard one enemy rifle shot each to their extreme left and to their extreme right. They saw three flares at 1/2-hour intervals. They heard no enemy patrol.

"B" Co. patrol left at 0015, returned at 0410. They went to 080216 and remained there for one hour. It was very dark and the wind was howling, and they could not hear or see anything.

WHITE

Patrol left at 1930, returned at 0300. They went to 076255, and remained 4 1/2 hours at listening post. No activity was observed.

BLUE

"I" Co. patrol went to vic. of 046272. They were about 75 yds. short of what they believed to be a 2-men German outpost. Flares were fired occasionally to right and left of town of Fresnes. A fire was burning in the center of the town. To their left front, in great distance, they saw several enemy arty. flashes. Also to their left front, at a great distance, they saw a streak of fire, abt. 500 yds. long, which they believed to be a shell. Patrol returned at 2130.

"L" Co. patrol left at 1900, returned at 2315. They went to 066277. They heard 15-20 Germans moving SE, from right to left.

"L" Co. patrol left at 2400 from 048263, returned at 0241. They went to 062271. It was very dark and no activity could be observed.

PATROL ACTIVITIES DURING NIGHT 21 OCTOBER TO 22 OCTOBER 44

RED

A Co. patrol left at 1830, went to RJ at 067232 where they saw an enemy patrol several nights ago. They waited until 2030, but no enemy patrol passed. They went to edge of woods at 0723 to a point 400 yds N of there. They found foxholes which, however, were not occupied. They did not go up to the top of the hill. They heard a horse near top of hill. Also heard men talking near woods on top of hill. Heard mortar fire from reverse slope. Patrol returned at 2300.

B Co. patrol left at 1930, went to 082216. They remained in observation and listening. They heard 4 vehicles in vic of Salomnes at about 2200. Heard 30 cal. MG fire 1000 yds to their right front (our own MGs) and enemy MGs 2000 yds to their right front. No other activity observed. Patrol returned at 2330.

A Co. patrol left at 0030. Went to 0723. Heard a few voices and coughing. No other activity noted. Patrol returned at 0305.

B Co. patrol left 0045, returned at 0410. They went to 061215 and observed
at 0100: Large explosion of mine, SE, abt. 1000 yds.
at 0300: Steady, dull clanking to the SE, also a horse-drawn veh.
at 0305: 3 rds. of heavy arty landed in forward area of their sector. Came from left front.
Several tracked veh heard to the SE periodically

WHITE

E Co. patrol left at 2205, returned at 0200. They proceeded to 073256 where interdiction fire halted them. Heard supply wagon stop at 073253, unload supplies and return. (bet. 2235 and 2245) From then on until the patrol returned they heard 15 more supply wagons at about 078255.

BLUE

Combat patrol returned at 0350 after seeing no activity and no enemy. They went N to Fresnes, across the RR and back, then S.
