to 291400 March 1945
320TH INFANTRY REGIMENT
291400 March 1945

Maps: Germany, 1/25,000, Sheets 4406/4407

1. Enemy situation at end of period
   a) Enemy Frontlines: Generally along 401251 to 410258.
   b) Units in contact: The regiment was in contact with elements of 23 Regt and 2 Repl Bn of 2 Para Div, also with elements of Volkssturm Oberhausen.
   c) Defensive organization: Enemy strongly defended from hastily prepared positions along 401251 to 410258.

2. Enemy operations during period
   a) General Summary: During the early part of period, enemy stubbornly resisted our elements' advance with intense small arms and automatic weapons fire from vic 384267 with supporting heavy artillery and moderate mortar fire. Due to constant pressure, enemy was forced to withdraw slowly to new positions. At end of period, the enemy was defending from hastily prepared positions generally along 401251 to 410258, using small arms and heavy automatic weapons fire. Enemy strongpoint was reported vic 410258.

   b) Operations of component elements:
      1) Artillery - Heavy artillery fire reported by our forward sectors which decreased to moderate at end of period. Concentrations reported vic 384268 and 385272.
      2) Infantry - Strongly resisted our advance with automatic weapons, small arms and mortars.

3. Miscellaneous
   a) PWs taken during period: 41
   b) Enemy morale: Fair
   c) Estimate number of enemy casualties: 75

4. Enemy capabilities
