Dear Mother,

Just a few lines, to let you know, that things with me, are going fine.

Yesterday's mail, brought me two V-mails, one from Alice, and one from Frank Birchall; both were written May 9th.

Things here, are pretty much the same. The weather isn't too good. It has rained every day, since Sunday. Am going to do some hunting as soon as the rain lets up. There are some nice deer, and a lot of rabbits

around here. If I had my fishing tackle now, I could use it as there are some good spots.

Haven't heard anything more about, my pictures, yet. Keeping my fingers crossed, though, and maybe I will.

That about all for now, as I am still run down from my eight page letter of a couple of days ago. Until next time then, I'll close, with,

Love,

Johnny

(P.S.)

Please send me some
120, or B-2 film, if you are
able to find some,

Thanks,

Johnny
