

TACTICAL INTERROGATION REPORT
IPW TEAM 60-B, 134TH INFANTRY

20 Sept 44

Two PW ~~EME~~ from the reserve company of the 1120th Regt relate that in the attack on hill 356 at 0200, 20 Sept 44, 240 Germans took part. These were men from the reserve company and from the engineer company of the 1120th. The attack was supported by 2 SP assault guns. The enemy suffered heavy casualties from mortars and infantry weapons fire and those who were not killed or captured, withdrew.

The Germans have a main collecting point for wounded of all units some 10 km behind Agincourt on the road to Saarbrücken. As the wounded are released from this point, they join a parachute unit at the front.

TACTICAL INTERROGATION REPORT
IPW TEAM 60-B, 134TH INFANTRY

20 Sept 44

Erich Stephan, Pvt, 1553rd Engr Co, 553d Div.

PW belongs to the division engr ~~company~~ which was attached to the 1120th Regt. This company consists of three platoons armed with rifles and some bazookas, but no engineer equipment. It was sent into the attack on hill 356 at 0500 today as infantry. PW states they received a terrific fire from our tanks and infantry on the height and they suffered considerable casualties.

PW gave the location of a regimental CP in Eulmont, about 200 m in front of the church, on the right side of the road.

Yesterday he was impressed by our planes which swooped down on a road crossing and blew up five ammunition trucks and one assault gun.
